

Year 3 Home Learning Window 4 2014-2015

	You rock year 3!! Rocks, soils and Fossils	Easter	Has Greece always been in the news?
Outdoor learning	Can you go on a rock hunt? Can you find a fossil?	Can you make a miniature with some Spring and Easter features?	Can you create your own mini Olympics activities?
Creative learning	Can you make a soil cake? Perhaps you could make it with real cake and sweets with different things for each ingredient in soil. Or you could make it with ingredients from your garden?	Can you create the clues for an Easter egg hunt for your family?	Can you make an advert encouraging people to take a holiday in Greece? Make a film of it if you can or write the script and perform it in school!
Shared learning	Can you use some small rocks to play a game of hopscotch?	Can you do something kind and helpful for everyone in your family?	Can you share some Greek foods?
Maths and Science	We have found out about ammonites (spiral shaped fossils). Can you find examples of other spirals in nature? If you're feeling amazing you could find out about the Fibonacci Sequence!	Find out some number facts about Jesus and Easter, for example how long ago was Jesus alive? How many marzipan balls are on a Simnel cake?	Can you make a bar graph showing where people would most like to go on holiday? Ask as many people as you can!
Communicating	Can you create a poem or mime explaining how different rocks are formed?	Can you retell the Easter story to someone who doesn't know it?	Can you create your own newspaper report about Greece? Ancient or modern – you choose!

Dear Parents,

- Please encourage your child to complete 4 of the activities on the reverse of this sheet (they are welcome to complete more if they choose!). **Home Learning will be celebrated together as a year group for those children who complete a minimum of 4 pieces!**
- Encourage your child to choose activities from different columns and different rows.

- Learning activities should, wherever possible, be recorded in their homework books and can be recorded in a variety of ways such as, photographs, drawings, written pieces etc.
- The presentation must reflect the standards that would be expected in school.
- The final hand in date for completed work and Home Learning Celebration afternoon is **Thursday 30th April**

Thank you for your continuing support.

Mrs Brain, Mrs Sargeant & Mrs Hughes.
